The Elsa and Helmer Borgsten Foundation Scholarship Fund

Name	The Elsa and Helmer Borgsten Foundation Scholarship Fund
Municipality	Dregs
Category	Studies

Purpose	The foundation's return shall, when 15% of the annual return has been added to the capital, be distributed to a male or female parishioner in Grums, who should not be older than 25 when they first receive a dividend from the fund, and awarded to those who wish to train in a profession through studies at an educational institution with a more or less strong vocational emphasis. By such schools is meant workshop schools, technical schools or institutes, agricultural or farmer schools, farm housekeeping schools, forestry schools, weaving or crafts schools, nursing schools, trade schools, theological seminaries or other comparable institutions for vocational education as well as folk high schools. Anyone who, during the course of lower vocational education in the educational institutions listed above, shows a good aptitude for continued education at a higher educational institution and who wants to gain such education but lacks sufficient financial resources for this, should also be able to be awarded scholarships from the foundation's fund. The distribution must also be able to be given as a travel scholarship to those who demonstrably want to gain increased insight into their profession through a study trip. Distribution of this latter type may, however, take place in exceptional cases where there are special reasons for this. Anyone who has previously received funds from the fund for studies and has used them well should have priority when receiving a travel grant. Should the youth's need for scholarships for studies continue to decrease, the fund's returns should be distributed to a greater extent as travel scholarships. Applicants for distributions from the fund in any form should be known for their impeccable conduct. Preference for receiving dividends from the fund shall be given to: 1. Helmer Borgsten's nieces and nephews and their children and grandchildren, but not later descendants, regardless of where they are registered. 2. The applicant who actively participates in Grums Mission parish's junior or youth association activities, and who is preferably a member of the parish. This is provided that the applicant fulfills the other specified conditions. If a suitable applicant cannot be appointed or if no one registers for the scholarship, that year's return should be added to the capital. However, in such a case, the persons who manage the foundation's fund may decide on a distribution for another purpose, which can be considered consistent with the foundation's purpose.
